CORE COMPETENCIES

SOFT SKILLS

👜 PROFESSIONAL EXPERIENCE

TCS

04/2022 – today

Remote - Italy

Java Software Developer:

I participate in the development and maintenance of web applications for banking purposes.

I work on an international project, in close collaboration with colleagues from Germany, Hungary, Austria, India and more. Daily, I am involved in software development and analysis, mainly on the back-end side, working with Java, SQL and related tools. I am also involved in elaborating and presenting technical documentation.

BRIDGESTONE

07/2019 – 04/2022

ROME - Italy

R&D Analysis Developer:

I participated in the development of a web application for digital design and advanced simulation, aimed at enhancing tire simulation technologies by means of CAE / FEA software.

I worked on an international project, managed according to the Agile paradigm, in close collaboration with colleagues from the American and the Japanese technical centers. Daily, I was involved in software development, mainly on the back-end side, and in the improvement of finite element analyses.

In the period July 2019 - December 2019 I covered the position of intern. From January 2020 to April 2022, I have been a consultant in Bridgestone on behalf of Integris Spa.
